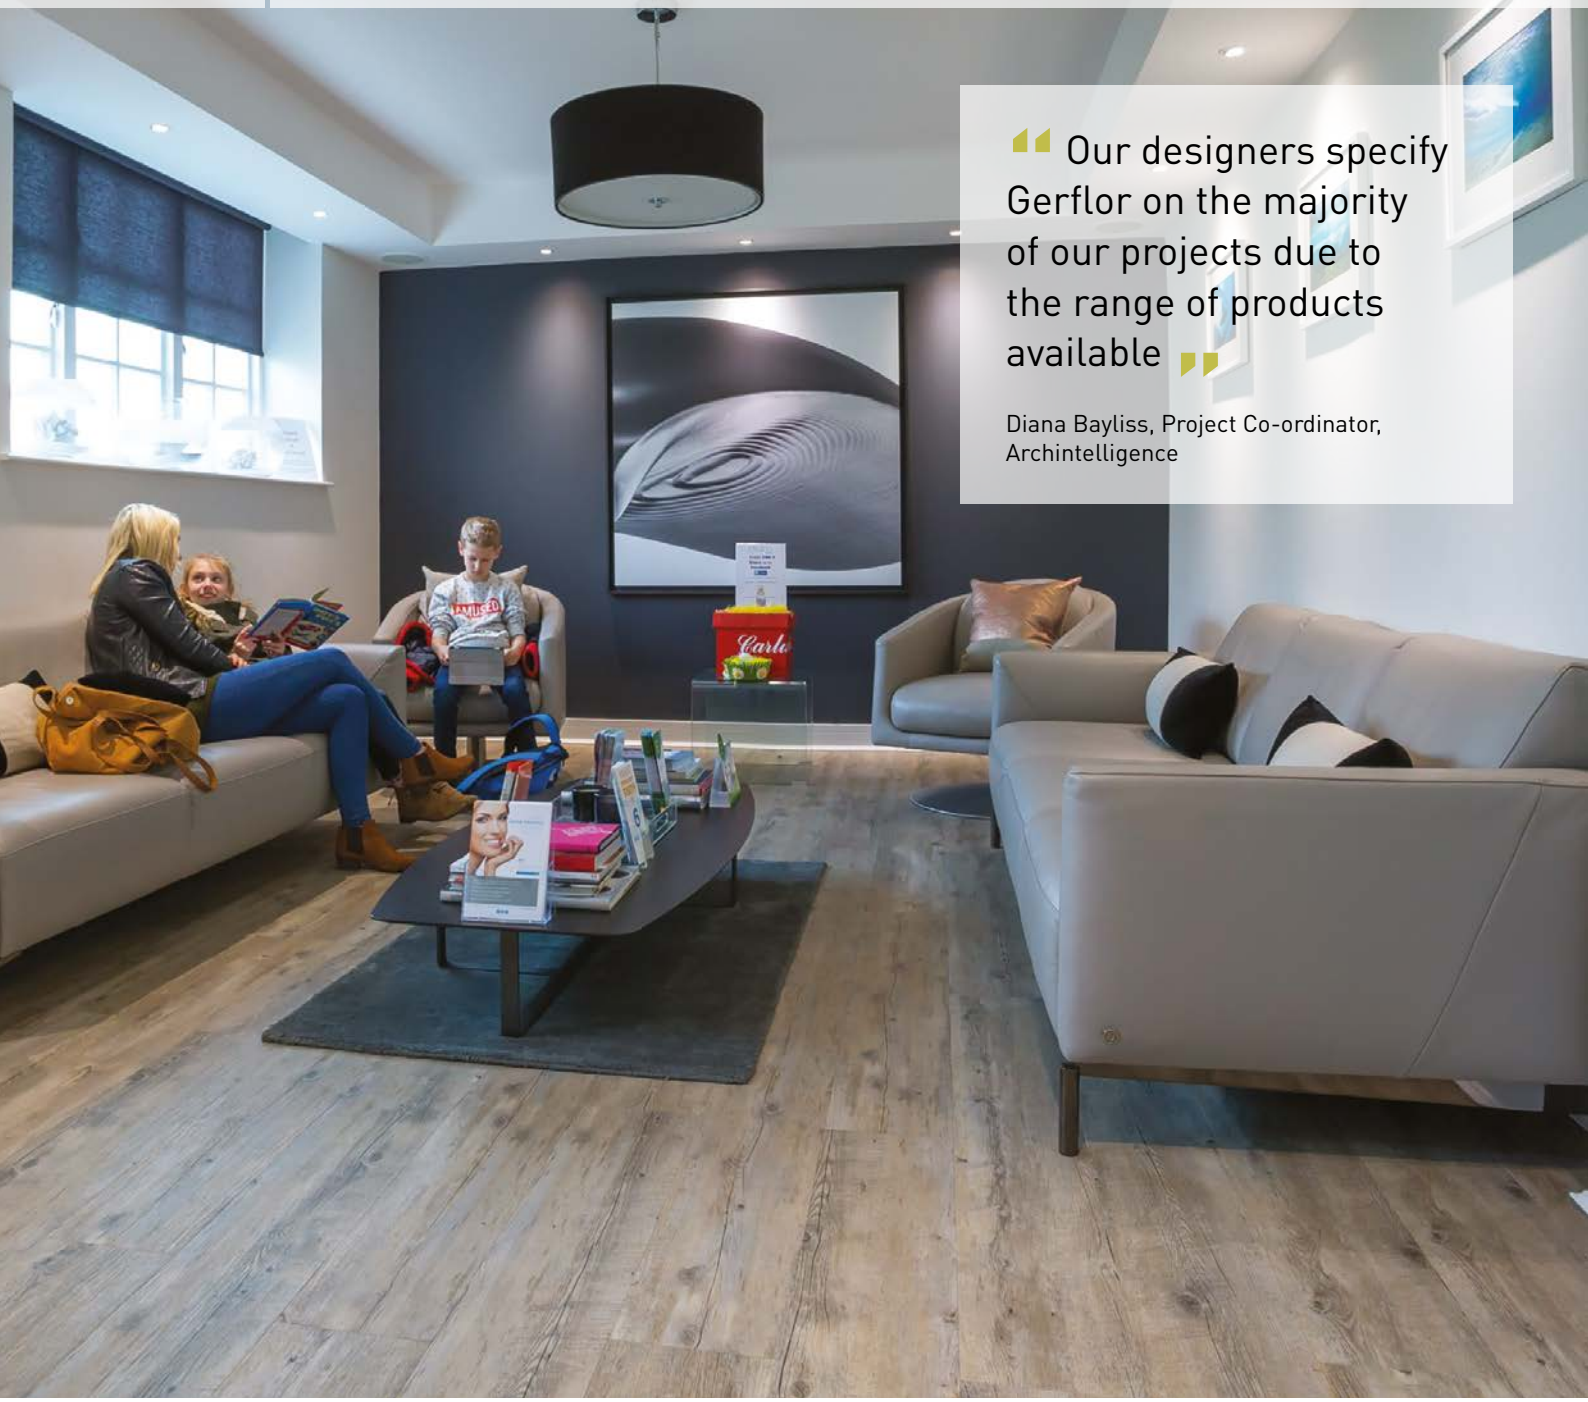
CLIENT: AURA DENTAL, ST JOHNS WOOD, LONDON

SOLUTION: CREATION 55 & 70 CLIC SYSTEM



"Our designers specify Gerflor on the majority of our projects due to the range of products available"

Diana Bayliss, Project Co-ordinator, Archintelligence

Aura Dental in St Johns Wood, London is a team of dentists offering a range of quality treatments. It would be their extremely high standards that would also determine the quality of their recent refurbishment of the practice itself.

In determining the overall look of the practice and its refurbishment Aura Dental would turn to Archiintelligence, who understand the importance of sustainable and workable future proof design.

"We are very pleased with the product and finish. It is used in the non-clinical areas and working well for us. It's very easy to clean and doesn't have the drawbacks of a traditional wood floor"

Sanji De Alwis, Business Director, Aura Dental
