

## CASE STUDY

**PR 30579**

### **Gerflor floors still going strong!**

In July 1994, leading vinyl floor specialist Gerflor installed Taralay Uni and Memphis and Taraflex Combisport, throughout Admiral Lord Nelson Business and Enterprise College. Over ten years later, the floors still looks outstanding and the range has just been updated.

Gerflor flooring was placed throughout the busiest areas of the college including the three-storey atrium, central reception, student bar and café, fitness rooms and the 594 m<sup>2</sup> sports hall. Visitors and students have full access to the building from 8am to 10pm every day and, with a school population of over 1000, the hardwearing floor is in constant use.

The flooring was designed to represent Langstone Harbour which is near to the college. The creative choice of colours and materials creates a sense of space that still receives compliments from the customers.

2006 has seen a relaunch of the Taralay range and, today, the designer can choose from a range of solid, contemporary colours for bold and imaginative cut designs.

In July 1994, leading vinyl floor specialist Gerflor installed Taralay Uni and Memphis and Taraflex Combisport, throughout Admiral Lord Nelson Business and Enterprise College. Over ten years later, the floors still looks outstanding and the range has just been updated.
