

Background:

Gerflor has manufacturing plants in France, Germany, Ireland, the Far East and China and employees over 1500 people worldwide.

The Gerflor is ranked number two in Europe and has enjoyed continuous success in the UK and Ireland since 1958.

Our extensive range is suitable for many applications including: Healthcare, Retail, Education, Leisure, Housing, and Sports facilities.

We employ a number of specialists to help specifiers in each of the above sectors as well as a team of regionally based sales advisors.

We also have a special technical team based in the UK to help specifiers, installers and end users get the most from the our products.

We have a major distribution hubs and warehouse space located in Warwick and Dublin to ensure swift and efficient delivery to anywhere in the UK and Ireland.

The logistics includes a dedicated liveried fleet.
