The New Lunar Carpet collection from Gerflor, it's out of this world!

Gerflor is pleased to announce the launch of Lunar, a brand-new collection to the Gradus Carpets portfolio. Inspired by the natural landscape of the moon, this stunning carpet collection has a distinguished design and is available in celestial decors that will help to create an extremely stylish and modern interior. Lunar is a tufted loop pile carpet tile which can be randomly laid, it is available in eight eye-catching colourways and is on trend.

Its unique designs reflect the mountain ranges of the moon. From the ethereal 'Janssen' through to 'Jura' and 'Moro' the myriad of colour choices stimulated in design by our nearest celestial body will both inspire and delight designers and specifiers alike. If you want to also go even further, and you are imagining a very particular and unique floor scheme, the Lunar Carpet tile can be mixed and matched with the Creation LVT ranges for a bespoke and customised look.

Lunar is perfect for commercial offices, a host of education applications and many other contract environments. Lunar is available in 500mm x 500mm format, it has 100% solution dyed, nylon, tufted, loop pile surface yarn and provides outstanding levels of performance and comfort. The Lunar Carpet collection is also available with a 12-year wear warranty and a 10-year anti-static warranty, as standard, a true commitment to its life longevity and quality.

David Collins-Lafferty, Marketing Manager, Gerflor UK commented, "I am delighted to be involved in the development and launch of this very unique carpet collection. Lunar is inspired by the Moon's landscape and the realistic finish in warm and calming colours are perfect for creating a contemporary and calming interior. David Collins-Lafferty further added, "Lunar also provides the required comfort that many flooring scenarios require."

Gradus Carpets is a brand of the Gerflor Group, manufacturing premium quality carpet tiles and planks, broadloom, and impervious backed carpets.

Utilising a range of high-performance yarns, Gradus' extensive range of carpets are suitable for a wide variety of contract applications including commercial office, education, and healthcare environments.

Gerflor are ready to assist customers with specifications, provide technical advice and free site surveys for both new build and refurbishment projects. In addition to this, Lunar is stocked and readily available in the UK.
