

CLIENT:

THE OLD GARDEN CENTRE, ERSKINE HOSPITAL, ERSKINE

SOLUTION:

TARASAFE STANDARD

“ We approached Gerflor and they very quickly and kindly suggested they would like to donate some of their Tarasafe Standard vinyl safety flooring. We knew this would be the perfect choice as we had worked with Gerflor products in the past. ”

Jim Magill,
Estimator, Muirgroup Interiors Ltd

BRAVEHOUND is the canine wing of the charity GLEN ART who support former servicemen and women and their families. Based in Scotland, Glen Art has developed a new programme where they link suitable veterans with companion dogs. BRAVEHOUND provides the companion dogs and then supplies the support for the dog and veteran over the dogs' life. At Glen Art, they know that owning a dog can provide companionship, promote taking exercise and is a panacea to a good routine.

When the charity was seeking to re-modernise their training facility in Erskine Hospital with new safety flooring, they appeared on the radar of international flooring and interiors specialist Gerflor who happily agreed to help.

Our training room at Erskine Hospital is now very smart. We can also now use it for events, so it makes a huge difference to us on a practical level. For the veterans we support, having flooring of this quality donated to us is a huge boost to morale. I know that our veterans deserve the very best, and it's wonderful that Gerflor agree too.

Fiona MacDonald, Founder and Director of Glen Art
