Honeypark is a high-end residential apartment development built on the Olde Dún Laoghaire Golf course in Dublin. Apart from the original features of the golf course with its magnificent array of trees, flora and fauna, a multi-million-euro investment programme has now been implemented. It's in perfect keeping with a development that was once home to the Olde Dún Laoghaire Golf club, now offering a lush setting that has been reborn as South Dublin's finest new address. It's an outstanding quality of build brought together by the developer Cosgraves.

Achieving stunning looks coupled with high levels of safety and performance can often be a challenge, however Gerflor's range of durable fitness solutions stand the test of time even in heavy traffic environments delivering superior performance every time
