

CLIENT: RECRUIT121, CARDIFF  
SOLUTION: TARALAY IMPRESSION COMPACT

“ This product provides the durability the project required but we mainly chose it because it’s very modern and eye-catching. It’s totally different from the ‘standard’ vinyl flooring ”

Michelle Sheppard, Interior Designer,  
D&G Office Interiors

The Recruit 121 Group is an innovative staffing, sourcing and training consultancy in Cardiff providing highly specialised services and solutions for their candidates and clients. When Recruit 121 decided to move between floors within their existing building, (Capital Tower) in central Cardiff, they saw this as a chance to devise a unique space where they could work as well as play. The project would also have to include flooring that could work for a solicitor’s office who were sharing the same floor in the building. The concept would therefore need an interior design company who could create and deliver the project using only the best products and materials. The challenge to design and complete this task would fall to Cardiff-based D&G Office Interiors who would in turn specify some utterly stunning products from international flooring specialist Gerflor for the kitchen and dining areas of the project

“ I adored the way the Gerflor floor looked and would definitely use the product again. The client loved the whole scheme and especially the break out area where the Gerflor flooring was installed. I would definitely specify it again ”

Michelle Sheppard, Interior Designer, D&G Office Interiors
