

CLIENT: WATFORD GRAMMAR SCHOOL, WATFORD
SOLUTION: TARALAY PREMIUM COMFORT, MIPOLAM ACCORD EL7

“ We specified Gerflor’s Taralay Premium Comfort and their Mipolam Accord EL7 Anti Static vinyl flooring products. Both were a great fit for the project ”

Andrew Morris, Business Development Director, Ashe Construction

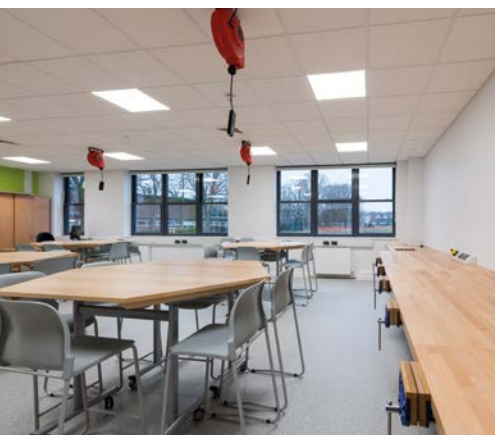

Over the years Watford Grammar has required a high-quality level of refurbishment that has had to be both sympathetic in design yet provide future proof solutions that can really make the grade.

The most recent development has been 500m2 of flooring in the school laboratories on the ground and first floors. This would be a perfect opportunity for the Taralay Premium Comfort and Mipolam products manufactured and supplied by international flooring specialist Gerflor to really make a difference to the school's environment.

Gerflor are known to be very reliable when it comes to this kind of installation method. We have specified Gerflor many times before and would have no qualms in choosing their products again

Andrew Morris, Business Development Director, Ashe Construction
